

Bodio, March 2014

Dear business partners,

In the frame of the creation of a common **Imerys** brand, **TIMCAL Graphite & Carbon (member of the Imerys Group since 1994)** will change its name to **Imerys Graphite & Carbon**.

This step to a common brand will increase the visibility of **Imerys** and will also improve the co-operation within the Group.

The changes by our various operating companies will take place in the coming days/weeks (reference date 1st of April), depending on local regulations.

In case of further questions do not hesitate to contact us.

Best regards
Management Board
