

## Shelf life declaration for ENSACO® 350G

April 2014

<b>Brand name</b>	<b>ENSACO® 350G</b>
<b>Form</b>	Granules.
<b>Packaging</b>	PE bags. Big bags.
<b>Storage</b>	Store in a protected environment, in a cool and dry place and in the original packaging.
<b>Shelf life</b>	At least three (3) years if original packaging is intact.
<b>Usability</b>	<p>Packaging degradation as well as inappropriate storage conditions are likely to alter product shelf life.</p> <p>After production and packaging, ENSACO® 350G contains less than 0.1% of moisture, however, due to the high surface area (<math>\pm 770 \text{ m}^2/\text{g}</math>) the moisture content will increase gradually with time, depending on the relative ambient humidity.</p> <p>In case of any doubt, the moisture content of the product should be checked prior to use it.</p>
<b>Waste / Residual disposal</b>	<p><b>Product</b> Allocation of a waste code number, according to the European Waste Catalogue, should be carried out in agreement with the regional waste disposal company.</p> <p><b>Packaging</b> Residuals must be removed from packaging and when emptied completely disposed of in accordance with the regulations for waste removal. Incompletely emptied packaging must be disposed of in the form of disposal specified by the regional disposer.</p>
